"My experience in Dublin was great, all the people I met or I worked with were lovely! I could practice all the theoretical knowledge I got at my university. Also travelling around Ireland with all its beautiful landscape and coasts is an amazing memory. This experience was a lot of fun and I will never forget it!" - Christoph, Germany.

"Working in Ireland allowed me to gain experience in different fields and achieve skills, which I will use in whatever professional environment I might work in the future. From new software to marketing techniques, this placement has been non-stop learning! I recommend this programme for all students who are looking for a professional challenge." - Silvia, Italy.
